Reinvestment

Reinvest = withdraw + invest

Available balance =

50% capital + 50% interest

Reinvestment *example

10,000 trx active capital 1,000 trx available balance

Active capital = 10,000 trx

Available balance withdrawal (1,000/2) = 500 trx

Available balance investment = 1,000 trx

New active capital = 10,500 trx

Referral rewards *optional

1st. Generation
2nd. Generation
3rd. Generation
4th. Generation

1%

*Referral rewards are added to active capital.

withdrawals

**Withdraw + automatic investment
Available balance =
50% capital + 50% interest.**

withdrawals *example

10,000 trx active capital 1,000 trx available balance

Active capital = 10,000 trx

Available balance withdrawal (1,000/2) = 500 trx

Automatic reinvestment (25%) = 250 trx

New active capital = 9,750 trx

Trx sent to your wallet (1,000 - 25%) = 750 trx
